

Donatella Maisto

B2Lab Business Partner, B2Lab Academy Director, Member of ABIE (Blockchain Association for Industries and Entities), Partner of Steering Committee “Skills and Human Capital” and Co-participant of SC "Supply Chain - Agrofood and Retail" and "Digital Ethics" at Digital Confindustria (Confindustria Digitale), Writer

After 20 years of experience in legal and hr settings (Governmental and private multinational companies - fashion/tlc/retail and Health) I felt the need to gain perspective moving new steps to deepen the binomial “emotional and artificial intelligence”, supporting business from an hr perspective, with the awareness that digital environment, that has the human capital at the heart, must meet technologies to discover new frontiers.

The dissemination of knowledge on the Blockchain, in particular, is my “core wish”: for the blockchain to be known by all, to be used by all, including all!

Only knowledge creates diffusion. Only diffusion creates democracy, freedom and awareness.
